

Bookings

- Activities are generally free as we receive funding from a variety of sources
- Buses are an option for creek excursions
- We will also conduct incursions with the students.

A number of the activities we offer were developed with funding support from the Natural Heritage Trust

Merri Creek Management Committee

We are a non-profit organisation committed to providing the community with hands-on, engaging environmental education. We focus on creating a connection between people and their local environment.

We provide a variety of environmental education activities as outlined in this brochure.

Activities we offer...

Volcanoes Rock

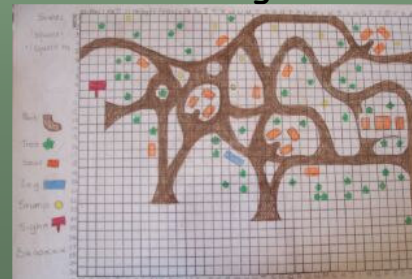

Botanical Drawing

Waterwatch

Learning Grounds

Stormwater Story

Field Observations

Plant it Right

Food Webs

Frog Craft Activity
